

Dear Hal & Lil,

Hope all is well with you I'm still working every day even though I have developed thyroid trouble. It is under control with medication. and my heart continues to pump.

Meanwhile, I continue to be quoted and misquoted in books and publications. It will never end.

What do you think about the impediment mess? Somebody really did a job on Clinton, but he didn't help himself any. I think Gore would be a good president. Drop us a line as ever,

Lonnie
